

New Vibe for Village View

On behalf of the Cavaliers Group, Bedfordview's distinctively stylish Village View shopping centre is undergoing a R20 million redevelopment. The goal is an even greater retail offering, improved shopper flows and a more vibrant experience.

Elsabe Griesel, portfolio manager for the Cavaliers Group, says, "The project allows us to refine Village View's retail and dining offering to best meet the needs of our patrons and to keep the centre fresh and relevant to its market. It also provides the opportunity to move existing

tenants, strengthen our tenant mix and create feature zones within the centre. This will boost the entire experience at Village View."

Three restaurants will be added to the centre's already impressive dining line up. Over 1 500m² of Village View is being refurbished, including an additional 300m² to help accommodate the demand for retail. "We've temporarily moved a few tenants to allow for the construction, but we're doing everything possible to minimise its impact on the daily running of the centre," says Griesel.
