"Redeveloping Village View has reenergised the centre with refined retail and dining variety that best meets the needs of our patrons," says Vicky Lambros, Centre Manager at Village View.

Lambros adds: "At the same time we have improved shopper flows, met some of the continuing demand for retail space at the centre and clustered retailers to create feature zones in the centre. All in all, we've created a more vibrant shopping and leisure experience."

The stylish Village View has earned a track record of strong trading from its 33 hand-picked tenants. Village View's dining now includes the menus of Tashas, Pigalle, Rodizio, Vovo Telo and Tum 'n Tender. It also has a zone for food-on-the-go which includes Steers and Nando's.

It also benefits from superb visibility and convenient access direct from the main arterial of Van Buuren Road, with generous free parking.
