ENHANCING YOUR EATING EXPERIENCE

Village View's stylish and trendsetting customers expect nothing less than the best from their favourite hot spot. The redevelopment will enhance this popular centre with greater retail variety, better shop flows and a more vibrant overall shopping experience. Building on its exceptional dining which already includes the likes of Tashas, Pigalle and Rodizio, Village View is adding three new restaurants to the menu. Vovo Telo, brings its acclaimed bread and artisanal food to Village View at the end of June and two more exciting food concepts soon to be announced. The new design will also create a vibrant zone for food-on-the-go with Steers and Nando's opening in brand new locations this month. Enjoying superb visibility, Village View Shopping Centre provides convenient access directly from the main arterial of Van Buuren Road, with generous free parking.
