

Village View gets a dynamic makeover

The stylish Village View shopping centre in Bedfordview is undergoing a R20-million makeover, which will enhance the centre with greater retail variety, better shopper flow and a more vibrant overall experience. Building on its exceptional dining, which already includes the likes of Tashas, Pigalle and Rodizio, Village View is adding three new restaurants to the menu. Vovo Telo will bring its beautiful bread and artisanal food to visitors from the end of June, and two more exciting food concepts will open in November.
